EXPERIENCE

Lead 3D Artist for the short film *Winters Remedy*

- I collaborated with the director, Visual Development and my teammates to create 3D assets that aligned with the overall creative direction of the film.
- I manage a team of 3D artists by setting deadlines, assigning tasks, and problem solving as a team.
- Created the main character models for the film

Lead Looks Artist in the short film *Winters Remedy*

- Managed a team to composited the final version of the short film, *Winters remedy*
- I worked on creating tutorials for setting up lights in maya, rendering, fixing textures, and compositing in after effect.

Freelance artists

- I have created murals for Dukes Memorial hospital to help celebrate hard working nurses.
- I have painted another mural for Dukes memorial Hospital to promote positivity in hard times
- I have worked with clients to create illustrations for business cards

Tech Assistant

- Assisted students with their assignments related to animation
- Maintained computer equipment
- Addressed and resolved computer-related issues encountered by both professors and students.

Taiwan Intensive Learning Program Ambassador

- Worked with TISLP to Help students learn more about study abroad programs
